

THE KELOWNA COURIER

AND OKANAGAN ORCHARDIST

VOLUME 22.

Kelowna, British Columbia, Thursday, May 27th, 1926

NUMBER 41

CITIZENS ARE ENTERTAINED BY C. P. R.

Over Two Hundred Are Guests Of Railway Company On Board S.S. "Sicamous"

At the request of the Canadian Pacific Railway, the Kelowna Board of Trade issued invitations to its own members and to the City Council to be the guests of the Company for a cruise yesterday evening on board the "Sicamous," which at present is off the regular daily service in order to undergo her annual overhaul and painting. Most of those to whom invitations were sent accepted and, together with other guests invited directly by the Company, the attendance numbered well over two hundred, including representatives of fruit packing houses, business firms in general and public bodies.

Leaving the Kelowna wharf at 5.30, the steamer cruised slowly south towards Peachland, returning here about 8 o'clock. During the cruise hospitality was dispensed on a lavish scale, a buffet supper being served which was much enjoyed. The proceedings were devoid of formality, but after the refreshments had been received attention was given to short speeches were made.

A conference of general officials and local agents had been held on board the steamer during the afternoon, many of whom were still aboard, and on behalf of them and the Company, Mr. W. H. Snell, General Passenger Agent, Vancouver, briefly welcomed the guests. He said that he wished those with whom the Canadian Pacific Railway came in contact to feel that the Company was doing its best to serve the public. Having been thirty-eight years in the Company's service, thirty-four of which had been spent in British Columbia, he thought he could fairly lay claim to considerable experience in traffic problems, and he asked that all complaints be made promptly, so that they could be adjusted upon a basis of what was fair and just.

Mr. C. A. Cotterell, Assistant General Superintendent, Vancouver, joined in the welcome, expressing appreciation of the large attendance. He explained that for fifteen years past officials of the Company had come into the valley yearly to discuss questions of shipping and methods of handling the crop with the growers of the Okanagan. This year, the "Sicamous" being off her regular run and available for such a trip, the opportunity was afforded to act upon Capt. Brown's suggestion and invite the business men to partake of the Company's hospitality. There was no ulterior motive, he declared, but simply to create a friendly feeling between shipper and railway.

Tonnage had been hauled out of the valley for many years, the first year 900 cars being handled, while as many as 6,000 cars had been handled in one year since that beginning, and he looked for a great increase in tonnage in the future. There was room in the valley for both the Canadian National and the C.P.R., he believed, and the Canadian Pacific did not have to try to take anything from the competitors, there being but one object before them—to serve the grower, the man to whom service was due.

Brief speeches appreciative of the hospitality and courtesy of the Canadian Pacific were made by Mr. W. R. Trench, President of the Board of Trade, Ald. D. H. Rattenbury, representing the City Council in the unavoidable absence of Mayor Sutherland at the Coast, Ald. G. A. Meikle, Messrs. E. O. MacGinnis, Vice-President of the Board of Trade, L. E. Taylor, F. L. Mitchell, S. T. Elliott, F. R. E. De Hart, L. W. Makovski and C. W. Stewart, President of the Kelowna Gyro Club.

Judge J. D. Swanson, of Kamloops, in adding a word of praise in well-turned phrase, said that the spirit of faith, of purpose and tenacity that had made possible the linking of the Atlantic and the Pacific in the building of the Canadian Pacific Railway might well be emulated today in order to make Canada the greatest country in the world.

Others speakers included Mr. O. L. Jones, President of the Kelowna Retail Merchants' Association, Capt. J. A. Weeks, of the "Sicamous," Mr. T. A. Macnabb, C.P.R. Superintendent, Revelstoke, and Mr. A. J. Hughes, C.N.R. Agent, Kelowna, who responded briefly to a request for a few remarks.

The important announcement was made during the evening that, with the construction of additional refrigerator cars, the C.P.R. would be in a position to handle what promises to be a bumper fruit crop in the Okanagan this year.

A vote of thanks to the Company for its hospitality, proposed by Mr. J. E. Reekie, was carried with acclamation.

The C.P.R. officials on board the steamer included the following: Messrs. C. A. Cotterell, Asst. General Supt., Vancouver; W. H. Snell, General Passenger Agent, Vancouver; W. Maugson, Supt. of Refrigeration, Winnipeg; H. A. Plow, Divisional Freight Agent, Vancouver; T. C. Macnabb, Divisional Supt., Revelstoke; T. H. Crump, Supt. Pent. on; W. A. Cline, Transportation Assistant, Vancouver; H. J. Maguire, District Freight Agent, Vancouver; R. L. Bodkin, Freight Claims Agent, Vancouver; W. B. Bamford, District Freight Agent, Vancouver; A. E. Dinsdale, Asst. Foreign Trade Agent, Vancouver; W. J. Renix, District Master Mechanic, Vancouver; R. L. Lowe, Commissionary Agent, Sicamous; J. S. Carter, District Passenger Agent, Nelson; O. E. Fisher, General Traffic

WAR PICTURES TO ILLUSTRATE LECTURE

Former Dominion Secretary Of G.W. V.A. Will Retell Story Of The Western Front

With the aid of moving pictures and lantern slides of scenes in the Great War, Mr. C. G. MacNeill, former Dominion Secretary of the Great War Veterans' Association, in the Empress Theatre on Tuesday night, will retell the great epic of the Western Front, particularly with reference to the engagements in which the Canadian troops fought with dauntless courage—Ypres, Vimy Ridge, Courcellette and other notable battles.

The first part of the moving pictures was taken during the early portion of the war, and the famous Princess Pats are shown struggling through mud up to their knees as they go into action. The second film to be shown refers to a later stage of the war, with tanks advancing, French 75's throwing shells upon the German lines, the troops going over the top and the beaten enemy afterwards surrendering wholesale.

Other pictures, both moving and still, show scenes grim and gay—dressing stations, ruined villages, wounded lying in the trenches, dead in No Man's Land, interspersed with the familiar and amusing cartoons of Bruce Bairnsfather. In conclusion, something is shown of what is being done by the war veterans for the children of men who were killed overseas.

The lecture itself is a deeply interesting one, apart from the pictures, and all who served in any capacity in the Great War and their relatives and friends should make a special effort to be present.

EAST KELOWNA

The wet and cold weather during the past week has seemed to suit the trees, which are looking well. Thinning is general. The crop on the Upper Bench is very heavy, that on the Lower Bench not so good. The Lower Bench trees got badly hit in December, 1924, but they are making a marvellous recovery. One rancher whose trees were specially badly hurt tells us an examination of the ground shows most of the old roots are dead, but the trees have grown new roots and next year will be as good as ever.

Mr. H. Perry had an attack of quinsy last week but is recovering.

Mr. Murrell Senr. was laid up, having strained his back badly while working but is on the mend.

East Kelowna should be well known in Great Britain and Ireland. Most of our growers come from the Old Country and find time to travel to and from occasionally. This year the great strike seems to have increased the numbers coming to us. Among the latest arrivals are Mrs. Roberts and family. Miss Spencer-Smith is on a visit to her sister, Mrs. Armstrong, and she has brought with her four ladies who are desirous of taking part in thinning and picking and the other activities of fruit growing before returning to England.

The S.E.K.I.D. reservoir stands now at 17.5 feet, equivalent to 2,385 acre feet (the highest point the reservoir stood at last year was 22.4 feet, equivalent to 4,956 acre feet). The situation looking much better, that is, it seems that with great care and economy the water will carry us through the season, a matter that seemed very doubtful at first. During the week Canyon Creek was very low. There is a good deal of grumbling on the S.E.K.I.D. where they had heard that the C.C.I. users were better treated than they were but as a matter of fact both systems were being treated identically; no storage water was being turned down until the supply fell below one quarter inch per acre and then enough storage water was turned down to make up the deficiency. In view of the necessity to conserve storage water, this is the utmost the Trustees can do.

There was a meeting of the Trustees on Tuesday. The Manager was down from Haynes Lake. The work there is very difficult, as the ground is so soft but a hardy road has been constructed firm enough to bear the pump and tractor.

DISUNION WITHIN BRITISH LIBERALS

LONDON, May 27.—It is considered likely that a general meeting of the Liberal party will be held after the House of Commons re-assembles next week, to consider the controversy between Lloyd George, chairman of the Liberals in the House, and the Earl of Oxford and Asquith, party leader. The difference resulting from Lloyd George's attitude during the re-criticized severely by Lord Oxford, may injure the Liberal cause, in view of the fact that the Liberals predict that the affair will lead probably to final disruption of the party.

Agent, Penticton; J. Charters, Travelling Freight Agent, Vancouver; S. Elliott, Chief Clerk, Revelstoke; J. Hone, Trainmaster, Revelstoke; J. H. Armstrong, Chief Despatcher, Revelstoke; F. C. Botting, Commercial Telegraph Agent, Vernon; T. Wady, Telegraph Inspector, Revelstoke; Capt. Brown, Nelson; Capt. W. C. Nelson, Nelson; J. Burnham, Agent, Kelowna; J. Venter, Assistant Agent, Kelowna; H. Hill, Dominion Express Agent, Kelowna; E. H. Banks, Assistant Press Representative, Vancouver, and the agents from Salmon Arm, Okanagan Landing, Penticton, Summerland, and West Summerland.

ENLARGED GOLF COURSE OPEN FOR PLAY

Large Attendance Marks Auspicious Inauguration Of Only 18-Hole Course In Interior

With the freshly mown fairways standing out between the trees that are scattered over the tract, and dotted with flags of brilliant colours, the new 18-hole golf course of the Kelowna Golf Club was formally opened on Thursday afternoon, when President H. F. Rees drove off from the first tee in the opening match before a large gathering of members and visitors. The occasion marked the opening of the only 18-hole course in the Interior, and considering that the Kelowna club has been in existence for only six years, the progress and enterprise shown by its leaders are worthy of much credit.

In welcoming the visitors, President Rees explained that after establishment of the club it became apparent that there would be need for extension at an early date and plans were laid accordingly, which had resulted in the completion of the 18-hole course. The steady increase in membership and the interest shown had proved that the steps were not taken too soon.

He would not detain his hearers by a lengthy speech, as they were undoubtedly eager to get on the new course, hence he would not dwell on many things he had in mind, but he wished to thank the visitors who had responded to the invitations extended to other clubs to send representatives, mentioning particularly Mr. Roy Herne, professional at Hastings Park, Vancouver, and a former member of the Kelowna club, who had come all the way from the Coast to be present. He also wished to thank the citizens of Kelowna and the members for the interest shown, and expressed his belief that the opening of that new 18-hole course, the first of its size in the Interior, would be followed before long by others, judging by the present rate of progress in golfing circles and the growing increase in membership in other Interior clubs.

Mr. J. W. Jones, M.L.A., who explained that he had been a member for several years, although that occasion was probably the second time he had been on the links, congratulated President Rees and the Executive Committee upon the opening of the enlarged course, and expressed the opinion that no prettier spot in the province could have been secured for the purpose.

Mayor Sutherland judged that the one thing in the world his hearers did not want at that time was to hear a speech, as they would be anxious to get to work on the new course, but he wished to congratulate the committee of the Golf Club upon the work accomplished during the past year, which required much thought and consideration, and the question of finance alone was a big one. He felt that President Rees in particular was to be congratulated in securing the only course of its size in the Interior, a fact of which there was reason to be proud. Besides the good recreation and enjoyment furnished to the residents of the city and district, the golf course, it also made it possible to get people together and to know each other, which was to the benefit of the community, and he considered that there was no better agency for increasing proper community spirit than the game of golf.

Mr. W. E. Adams, in a few laudatory remarks, referred to the splendid work of President Rees and the Executive in connection with the new course, and proposed a vote of thanks to them, which was heartily accorded.

Mr. Roy Herne expressed his pleasure in being able to attend and brought regrets from Mr. Alex. Duthie, of Jericho course, Vancouver, who was unable to be present owing to illness in his family. Mr. Duthie laid out the extension to the course, and was expected to be present at the opening ceremonies.

Reeve J. N. Cushing of Glenmore, in which municipality the course is situated, conveyed his congratulations to the club upon their enterprise and success.

Mrs. J. B. Knowles presented the club with a British flag, which will be flown from the clubhouse until such time as a flagstaff can be erected.

Mr. Rees read letters of regret from the clubs at Nelson, Nanaimo and elsewhere at being unable, through lack of time, to send representatives, and a telegram from Mr. G. Seon, of Portland, Ore., formerly of Kelowna. Mr. Rees also announced, amid applause, that the membership of the Kelowna Golf Club now stood at 211.

Among the visitors who took part in the opening match, the 2-ball foursome between the President's and Vice-President's teams were: Messrs. G. Nesbitt and T. Brayshaw, Vernon; Mr. Roy Herne, Hastings Park; Mr. and Mrs. T. M. Syer and Mr. and Mrs. H. Nichol, Penticton; Mr. and Mrs. H. Lumsden, and Mr. G. C. Benmore. The result of the match will be found on the next page.

The new portion of the course laid out by Mr. Duthie has taken advantage of all the natural beauty and features of its situation, possibly the principal attraction being the "Thousand Dollar Hole" or "Duthie's Hole," as it is familiarly called on account of the cost of construction and the fact that Mr. Duthie was the originator of the idea.

Justing into a pond which lies between the clubhouse and the hill behind, there has been constructed a green, the approach being parallel to the hill. Winding across the pond, the course continues with rustic bridges leading to the next hole, adding to the beauty

INDIANS CAPTURE FISH ILLEGALLY

Lake Hahechium Is Scene Of Wholesale Slaughter Of Trout

Mr. J. R. J. Stirling, who returned a few days ago from a fishing trip to Brenda and Hahechium lakes, reports that the Indians of the Nicola divide, reports that they have been working amongst the trout in these lakes through illegal methods of capture practised by the Indians of Douglas Lake Reserve. While Fish and Game Protective Associations and Dominion fisheries officials are doing their best to stock mountain lakes with game fish and replenish the natural supply, the wasteful and greedy, heedful only of today's needs and with no thought for the morrow, is depleting some of the best fishing waters in the Interior.

There is a fairly good trail from Peachland to Brenda and Hahechium lakes, and Mr. Stirling, an experienced angler, says that the trail is so good that it is not difficult to get to the lakes, although some patches of snow were encountered on the northern slope of the summit. A few fish were obtained in Brenda Lake but none in Hahechium Lake, which is a few miles further west and about fifty-four miles distant from Peachland. The reason for the lack of sport in the latter lake was plain to see. At the mouth of a small creek running into the lake were camped three squaws in a roughly constructed shelter. Across the creek they had placed two weirs some distance apart, made of willows cleverly interwoven in basket fashion. Food was further upstream had a small square hole in its centre below water level, so as to allow the fish to pass, but the hole was bordered by willow twigs projecting downstream in such a way as to baffle return of the trout, and once through the square hole, they were trapped between the two weirs, then a large dip net, the squaws then dislodged the trout to their leisure, throwing them into a receptacle until they had enough for the next stage of operations, which was to pack the trout upon ponies round the lake to the outlet on the other side, where similar methods of "fishing" were being carried on by three more squaws. At this point scaffolds had been erected, and on these the trout cleaned and split open, were being dried. There were at least five scaffolds and on one of them Mr. Stirling counted 680 fish, which gives some idea of the destructiveness of the Indian methods of capture.

Douglas Lake Reserve is only about 9 1/2 miles distant from Hahechium Lake, and it is evident the squaws belonged to that reserve.

Promptly on his return, Mr. Stirling advised Corp. Sullivan, Game Warden, of what he had seen, and that energetic official at once took action to have the illegal practices stopped, but much mischief had already been done, and there is no doubt that when they think the coast is clear the Indians will return to any water where they know fish to be plentiful. If they could only be convinced of the harm they are doing to themselves by exhausting through wanton destruction a valuable source of food supply, the effect would be greater than what might be brought about by the infliction of penalties, but it is a difficult matter to make the natives think sensibly in regard to conservation of fish and game.

GREECE AND BULGARIA AGAIN AT OUTS

SOFIA, May 27.—A tense situation fraught with possibilities of renewal of border warfare between Greece and Bulgaria has been caused by a clash between Bulgarian and Thracian frontier guards near the village of Tcho-banari. Bulgarian soldiers pursuing bandits who are alleged to have crossed the border from Greece killed a Greek soldier. There was then an interchange of shots between the Greek and Bulgarian guards.

BATH TUB PARTY HERO GUILTY OF PERJURY

NEW YORK, May 27.—Earl Carroll was found guilty today of perjury in connection with a Grand Jury investigation of a bath tub party in his theatre at which Joyce Hawley, a show girl, completely attired in the garb of Eve, served drinks from the bath tub to the guests: Judge Goddard held Carroll in \$5,000 bail and deferred sentence for a week.

FIRST NARROWS TO BE BRIDGED

VANCOUVER, May 27.—A bridge to cost \$2,500,000 will be built across the First Narrows, work to commence this fall.

Regulations designed to provide greater measures of protection for workers in mines have been approved and promulgated by the Minister of Mines. They cover every phase of storing, handling and use of explosives, and hereafter only properly qualified men will be permitted to handle explosives of any kind.

Armstrong Somewhat Lucky In Their Victory

For the third time this season a Valley league match was decided by a margin of one goal, Vernon having defeated Kelowna and Armstrong by a score of 2-1, and on Monday Armstrong repeated their performance of last year, by winning from the locals 3-2.

For an opening season match, it was fairly interesting, although lack of condition was apparent, especially in the home team. On the play, a 1-1 draw would have been a fitting result, as Kelowna were lucky to score an accidental goal, while the visitors were lucky on two occasions.

Chas. McMillan and Jack Parkinson were absentees at the start, having been delayed en route to town. Only sensational work on the part of "Mike" Murray in goal for Armstrong kept Kelowna from scoring in the first quarter. Raymer and Gordon engaged in some nice passing, McPhee hitting the post with a hard shot, while Charlie Shillingford had several attempts, all of which were blocked by Murray. It was well on in the quarters before Patterson was called upon to save, but Armstrong were the first to score when Mills sent

VICTORIA DAY GAMES AT KELOWNA

Home Team Wins Football Match But Lacrosse Honours Are Taken By Armstrong

In order to preserve the traditional celebration of Victoria Day in Kelowna, despite the disappearance of the guiding hand of the Kelowna Amateur Athletic Club, which formerly took charge of the programme for the day, the Kelowna Lacrosse and Football Clubs joined forces to provide two games for the afternoon, and the respective secretaries, J. G. McKay and Chester Owen, co-operated to make the limited programme possible.

The weather in the forenoon was inclement and threatening and a strong Bear Creek squall shortly after one o'clock, accompanied by heavy rain, helped to dampen the hopes of a good attendance, but, beyond light showers during the early part of the football match, the balance of the afternoon proved fairly pleasant although somewhat chilly, and a considerably larger number of people turned up at the Recreation Ground than expected, reaching about two hundred and fifty ultimately, with about fifty cars. The rain did not affect the playing field, which was in good condition.

The Football Match

Taking the field with commendable promptness sharp on time, the Kelowna footballers kicked off at 2 o'clock against Prince Rupert, and but for poor finishing on the part of the local forwards, coupled with some sterling work on the part of McLean between the posts for the visitors, the final score of 1-0 might easily have been greater. As it was, Kelowna did not score their tally until after the second half had been under way for a few minutes, and Fisher's shot was well out of reach of the Prince Rupert custodian.

Kelowna took the offensive from the start, but although the forwards combined nicely, the final effort was usually spoiled by miserable shooting or passing, while McLean took care of anything which was directed in his direction. He was called upon to make several hard saves, two of which he turned over the bar when a score seemed inevitable. The visitors were good individually, but did not swing the ball or combine as well as the locals. In fact, they lacked cohesion, and the Kelowna backs broke up the majority of their efforts in front of the net. At half-time neither team had scored, although Kelowna's opportunities should have resulted in at least three goals.

After the interval, Jimmy Burt left his position between the posts for Kelowna and re-inforced the forward line, finally taking the ball through the half-backs, when some pretty combination between McMillan, Burt and Fisher gave the local forwards an opportunity which he took to place the leather in the corner of the net.

This reverse started a Prince Rupert attack and they kept the ball in Kelowna territory for some time, Handlen making a magnificent save when the ball was driven to the corner, and a visiting forward missing an open net shot by the goalie to beat Kelowna full backs relieved the pressure and the forwards were pressing again when an unfortunate accident occurred, W. McMillan, falling with his leg entangled with a Prince Rupert defender, having the misfortune to break the bone between the ankle and knee. There was but five minutes more time left to play when the accident happened, and play was discontinued, the injured player being taken to the Hospital after splints had been applied. The Prince Rupert players passed the hat through the crowd and collected \$63, to which they promised to add another \$50 on pay day.

On the play, Kelowna appears to have an excellent chance to regain the Interior championship, when the forwards have had more practice together and place their finishing shots in the right direction. Teams: KELOWNA: Burt; Woods and Kincaid; Woods, Edwards and W. Handlen; Keith, McMillan, Fisher, T. Handlen and Davis. PRINCE RUPERT: McLean; Eldred and Graham; Sims, Bird and Cle Sloan, Dewar, McNauly, Simpson and Andrews. Referee: Lumsden.

Next games: June 3rd, Armstrong at Vernon; June 10, Vernon at Kelowna.

KELOWNA GYROS MOTOR TO YAKIMA

Members Of Local Club Assist In Inaugural Ceremonies Of New Organization

A party of Kelowna Gyros motored to Yakima, Wash., on Friday last to attend the inauguration of a Gyro Club in that city, returning home on Monday evening. During the stay in the southern fruit centre, the local men were taken through vast areas of the fruit lands and orchards and were very much impressed with the tremendous amount of fruit grown there. The three co-operative organizations located in Yakima district handle approximately forty per cent of the tonnage on a one-year contract, and are increasing their business year by year.

Over one hundred were present at the inaugural banquet on Saturday night, Portland and Astoria, Ore., Tacoma, Seattle, Everett and Olympia, Wash., and Kelowna and Vancouver, B.C., being all represented. The installation address was given by the District Deputy Governor, Mr. E. O. MacGinnis, of Kelowna, and the presentation of the charter and gavel was made by the District Governor, Dr. T. B. Murphy, of Tacoma. Mr. C. W. Stewart, President of the Kelowna Gyro Club, brought greetings from the Orchard City. The other members of the party from here were: D. A. Alexander, D. A. C. D. Hinkson and A. Seymour Towell.

The trip was made in Mr. Stewart's car. Leaving by the 1 p.m. ferry, supper was eaten in Omak, Wash., and Chelan was reached at 10 o'clock the same night and Yakima at 2.30 the following afternoon, via the Blawett Pass. The return trip was made by Vantage Ferry, leaving Yakima at 2.30 on Sunday afternoon. The evening meal was taken in Wenatchee, advantage being taken of the opportunity to tour some of the orchards in that district while en route. Chelan was reached the same night at 9.30, and the party returned home the following evening.

OPENING DANCE AT AQUATIC PAVILION

Marking the opening of the season, the Kelowna Aquatic Association were at home last evening to members and friends, including members of the C.P.R. party of officials visiting Kelowna. There was a large attendance at the dance, which broke up about midnight. The usual Wednesday and Saturday evening dances will commence this week.

Considerable improvement to the Aquatic buildings has resulted from the application of a coat of paint, the grandstand being relieved of the dingy look which it has held in contrast to the pavilion, while the Kelowna sign on the roof has been re-painted, making it visible some distance from shore to those who are travelling on the lake.

BAND CONCERT IN PARK IS POSTPONED

In order not to conflict with the Boy Scouts' annual entertainment, which will be held at the Scout Hall on Friday and Saturday, May 28th and 29th, the opening concert of the Orchard City Band will be postponed from Friday evening, May 28th, the date announced in last week's Courier, until Friday, June 4th, commencing at 8.00 p.m.

MANY CASUALTIES IN CHINESE CIVIL WAR

CANTON, May 27.—The war threatened for weeks between Canton and her northern foe has begun. The forces of Marshal Wu Pei Fu in Hankow having advanced through Hunan Province, are now attacking the Canton defenders from three strategic points along the Kwantung border, causing large numbers of casualties.

The ball over his shoulder into the net. Patterson saved when Phillips was through alone. McPhee and Shillingford had certain goals but Murray was in the way on each occasion.

Patterson, who left his citadel too often to chase the ball, was just getting back into position from one of these forays when Phillips sent in a shot from the side, and the goalie slipped as he attempted to save, the ball going into the net for Armstrong's second tally.

Shillingford had some hard luck with several shots which grazed the posts or were turned aside by Murray. Both goals suffered a bombardment, but Shillingford was finally rewarded for his efforts by dodging his check and sending a hot one which Murray could not see. Half-time found Armstrong still leading, 2-1.

Tooley gave the visitors a further lead when his shot found its way through a maze of sticks and players behind Patterson, but ten seconds later Wilson's shot bounced off the goalie to lodge in the net.

There was no further scoring, although Kelowna's persistence when they threw every man into the attack during the final five minutes.

Kelowna's lineup was as follows: Patterson, Neil, Spear, Watt, R. Parkinson, C. McPhee, W. Longley, E. Wilson, E. Kaymer, H. Brown, A. Gordon, C. Shillingford, V. Fowler, W. Sandhart and Art Evans handled the game well, allowing nothing to get by and kept the play clean.

RETAILERS TO ASSEMBLE AT KELOWNA

Provincial Convention Of B. C. Retail Merchants To Be Held Here In July

At the last regular meeting of the Kelowna Branch, Retail Merchants' Association of Canada, held on April 12th, an invitation was forwarded to the Secretary of the Provincial Board, Mr. W. F. Ing, Vancouver, to hold the annual provincial convention at Kelowna.

Mr. Ing has now replied, stating that out of a number of offers received that of Kelowna has been accepted by the Provincial Board, and conveying the Board's sincere appreciation of the invitation extended by the Kelowna Branch, in the certain knowledge that "a splendid time is in store for us when we visit your fine city."

The actual date of the convention, which will last for two days, has not been set definitely, but it will probably take place during the first or second week of July, and a large and representative attendance from all parts of the province is expected.

CANADIAN LEGION OF THE B. E. S. L.

Kelowna Branch

The Branch will have the honour of receiving a visit from Mr. C. Grant MacNeill, lately Secretary of the G.W. V.A. Dominion Command at Ottawa, who will give a lecture and show a series of official films of Canadians in action at Ypres, Vimy, Courcellette and Cambrai, together with other films of national importance.

Mr. MacNeill is touring the Dominion in the interests of the Canadian Legion, and his lecture will deal with the objects of the British Empire Service League, an organization of ex-service men that is Empire-wide.

These films are being shown for the first time in Canada, and as they are Government films, no charge will be made for admission but a collection is to be made to defray the expenses.

Mr. MacNeill is the best informed man in Canada today on the problems that have faced the ex-service man in his fight for justice. In the face of the difficulties with which the re-establishment of the disabled and the handicapped, he has carried on consistently and conscientiously to alleviate the sufferings of the dependent, and the returned man owes a deep debt of gratitude to him.

It has been arranged for Mr. MacNeill to address the school children at 3.30 on the afternoon of Tuesday, June 1st, in the Empress Theatre, when the films will be shown and he will give an interesting and instructive talk, stressing the need for a permanent peace, an attitude taken by all men who have seen the futility of war and the waste involved both in lives and material.

The films will be shown at the Empress the same evening, at 8.15, when all adults, whether veterans or not, will be welcome, but children under sixteen will not be admitted, unless accompanied by a parent or adult guardian. The lecture is of interest to all citizens, and it is hoped that there will be a full house.

All ex-service men especially are invited to attend both the lecture and a reception to Mr. MacNeill which will be held afterwards at the Club Rooms. Trench songs will be sung in the Theatre.

CENTRALIZATION OF OTTAWA DEPARTMENTS

OTTAWA, May 27.—Broad recommendations for centralization of the departments of the inside civil service are made in the annual report of the Civil Service Commission tabled in the House of Commons today. At present, there are in Ottawa, besides twelve "main" government buildings, some fifty-three other buildings, leased in whole or in part to the Government at a gross rental of \$680,000 a year.

U. S. COASTGUARD CAPTURES CANADIAN RUM RUNNER

NEW LONDON, Conn., May 27.—Falling in a bold attempt to run a cargo of liquor into the Long Island shore, the Canadian schooner Helen G. McLean, of Yarmouth, N.S., fell into the hands of the Coastguard near here last night.

ANOTHER JAPANESE QUAKE TAKES EIGHTEEN LIVES

LONDON, May 27.—The Tokyo correspondent of the Evening News states that a sharp earthquake today at Hakodate, in Hokkaido, Northern Japan, burst a dam near the town, washing away fifty houses and drowning eighteen persons.

CLOUDBURST IN HUNGARY WORKS GREAT HAVOC

LONDON, May 27.—Great havoc has been worked by a cloudburst over the town of Salgo-Tarjan, Hungary. Many workmen are reported to have been buried beneath the ruins, and it is feared that there has been considerable loss of life. The property damage is reported heavy.

C.N.R. TO BUILD \$5,000,000 HOTEL AT VANCOUVER

VANCOUVER, May 27.—Construction of a \$5,000,000 hotel here, to be erected by the C.N.R. and leased, is announced today, work to commence this year.

One Toot!

A deaf woman entered a church with an ear trumpet. Soon after she had seated herself, an usher tiptoed over and whispered—"One toot and out you go."

Through the receipt of special grants from the City Council and from the Municipality of Spallumcheen, funds have been provided for building new Fall Fair buildings at Armstrong to replace those destroyed last year by fire.

BOY SCOUT COLUMN

1st Kelowna Troop
Troop First! Self Last!

Edited by "Pioneer."

May 26th, 1926.
Orders for week ending June 3rd, 1926:

Duties: Orderly Patrol for week, Wolves; next for duty, Owls.
Rallies: There will be a full dress rehearsal for the Entertainment on Thursday evening, the 27th inst., commencing at 7:15 p.m., and the Troop will rally at the Scout Hall on Friday, the 28th, and Saturday, the 29th inst., at 7:45 p.m., and also on Saturday, at 2:15 p.m. Full uniform will, of course, be worn at all these rallies, and it will be noted that the last three are just half an hour before the opening of our Entertainments. We hope to have the annual Troop photograph taken after the Saturday matinee, and that we shall be able to include in the group this year Commissioners Sir Alfred Pickford and John A. Siles.

The tickets seem to be going well, which is a good thing for us as we certainly need the money, particularly if we can consider camping this year at or near Finty.

After the Entertainment is over, with the exception of the Memorial Day Service at the Park under the auspices of the local Chapter of the I.O.O.F., there will be no further regular rallies of the Troop until just before camp. As far as the Scouts are concerned, this will, therefore, give all of them the ability to give their studies undivided attention up to and including the exams.

All Scouts will please make known to their Leaders as soon as possible whether they will be attending Camp, and if not why not. At the same time we trust that efforts will in no way be relaxed to complete some of the tests for badges which are already under a fair way to be earned, but which it was not quite possible to complete before the Entertainment. We refer particularly to tests for the 1st Class Badge.

Scout S. Welsh completed the tests for his Tenderfoot Badge on the 25th inst., and P.L. Williams for his Athlete's Badge on the 24th inst.

BIG CIRCUS TO VISIT KELOWNA

A. G. Barnes Four-Ring Show Due Here On Friday, June 4th

For the first time in its history, Kelowna will be visited on Friday, June

WOLF CUB NOTES

1st Kelowna Pack
Several tried for their Athlete's badge last Saturday, and the following passed: Sixer F. O'Neill, Second F. Burr and Cub R. Knox. Sixers Cross, Audison, Aitken and Campbell. Seconda Poole, Young and Scott hope to complete their test at the Wednesday evening parade in rope climbing and wrestling.

Wilbur Burnham obtained his Collector's badge, Sixers Lupton and Aitken their House Orderly badge, and Sixer Audison completed his Second Star test. We have now thirteen Two Star Cubs in our Pack.

There will be a parade on Wednesday evening next, June 2nd, at 7 p.m. On Thursday next, June 3rd (the King's Birthday), the Sixers and Seconda will spend the day and camp that night at Cedar Creek.

Next cricket and football practice on Saturday, June 5th, at 10 a.m. Friday and Saturday, July 9th and 10, are the dates fixed for the 'Cub display' in the Scout Hall. June will therefore be a busy month preparing, and it will take us all our time, Cubs, to get ready, including the play, "The Wolf Cubs and the Lamb," written specially for our Pack.

C. E. DAVIS, Cubmaster.

4th, by a really truly big circus. In previous years such entertainment features have not been able to come nearer to the city than Vernon or Penticton, owing to the lack of direct rail communication, but now that access is provided by the C.N.R., Kelowna will be on the map so far as such attractions are concerned.

The circus which is coming here on June 4th is that of Al G. Barnes. It is a big affair, requiring thirty-two freight cars for its conveyance, and is of standard four-ring dimensions. The site has not yet been announced, but it will be as close in as possible, for the convenience of the public.

Some very spectacular features are promised in addition to the usual programme, one of the most outstanding being an "Equine Ballet" with a hundred splendid dancing horses ridden by an equal number of beautiful girls. These magnificent animals, valued at \$12,000, are only a part of the 550 trained horses of the show.

Another gorgeous pageant will be that of "Pocahontas," in which more than a hundred "sunkist" bathing beauties of Southern California will be seen in the ballet and chorus. Many of these pretty girls have played principal parts in the latest motion picture productions this year.

A host of educated wild animals will go through their paces, including Lotus, largest performing hippopotamus on earth, and there will be an endless variety of amusement features.

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Rutland, B.C., May 25th, 1926
Orders for the week of May 30th to June 5th:

The Troop will parade on the School field on Friday, at 7:30 p.m. sharp.
Duty Patrol: Seals.

There was a good attendance of Scouts at the regular meeting, held on the School field on Friday last, the only absentees being more or less habitual ones. A.S.M. R. S. Wedge was present, also Troop Leader K. Dalgleish. After physical drill a game of "Knot" baseball was played, this being a variation of the game of Scout law baseball. The meeting then adjourned to the School basement, Patrol leaders taking charge in Corners with various Scout tests. Scouts W. Marr, Angus Harrison and K. Yamaoka tried their "Scout's Pace" test, the latter two coming in right on time, but Scout Marr was too quick by about a minute and a half.

A "Troop Council" then took place, the final arrangements for the week-end camp being under discussion.

At the close of the meeting A.S.M. Wedge presented Second G. Harrison with the "Dairyman's" proficiency badge and Scout J. Claxton with the "Horseman's" badge.

The week-end camp was held as per arrangement at Indian Point, Woods Lake. The S.M., A.S.M. Allen Dalgleish, Troop Leader K. Dalgleish and twelve Scouts attended during the first day. The A.S.M. and one Scout had to return to Rutland Sunday afternoon.

Second G. Harrison was unable to attend until the Monday. The patrols were in varying strength, the Seals having five in camp on Sunday and six on the last day. Four Kangaroos were present for the whole period. The Foxes had three present at the start, but only two were able to stay the full period. The Kangaroos and Foxes were consequently combined, Scout James Claxton (Kangaroo) being appointed acting P.L. and Scout E. Muford (Foxes) acting Second. The two patrols erected separate camps with separate camp kitchens and tables. The newly arrived pup tents were put to good use, the tents being erected double, two tents facing together, with one end used as a door. These provide room for four Scouts, but only three were placed in each. Pup tents were also put up over the patrol dining tables. Notwithstanding the heavy showers experienced, the tents proved snug and waterproof.

The weather was certainly unfavourable and it was impossible to carry out the woodcraft programme as planned, and bathing was only attempted once. The boys, however, were cheerful and enjoyed themselves to the full; their spirits at least were not damped! Much valuable practice at camp cooking was gained. We would like to see the senior Scouts in each patrol obtain the "Camp Cook" badge before the summer camp is held.

For transportation to camp we are indebted to Mr. A. W. Dalgleish for loan of his truck, A.S.M. Dalgleish driving. Mr. James Wallace conveyed us home again on the Monday afternoon in his Ford truck. Our thanks to both gentlemen for their assistance.

Patrol Competition Standing	
Patrol	Points
Seals	789
Kangaroos	781
Foxes	575

Promotions and appointments: To be Acting Second of the Kangaroo Patrol, Scout James Claxton.

A. W. GRAY, Scoutmaster.

GIRL GUIDE NOTES

Next Company meeting, June 1st, Scout Hall, 7 p.m. Orderly Patrol, "Da-fodil."

We had a good attendance at our annual Church Parade on Sunday last and there were quite a number of Brownies with us. In the unavoidable

WOMAN'S NEW FREEDOM

Countless women in Suburbs and Country have learned that the secret of freedom from long Kitchen hours lies in their cook stoves.

A ten minute demonstration here will show you how Gurney's

NEW CHANCELLOR

will bring you better cooking results and the leisure hours you deserve.

LECKIE HARDWARE LIMITED

SELECTED SELLING AGENTS.

absence of Capt. P. Teague and Lieut. Beavis, Capt. L. Lloyd-Jones took charge and Mrs. J. N. Thompson accompanied us. We were also pleased to have the Guides from the K.L.O. with us, Mr. FitzGerald kindly bringing them down.

On Tuesday last, instead of our regular meeting, we met at the Scout Hall and with Capt. P. Teague and Lieut. Beavis started out for a walk. The weather was delightful for walking. We went first to the Vernon road and then some distance on the Rutland road, where we took a rest and Capt. Teague told us about the Rally at Rutland on June 3rd, and the contest for Guides to take place at it. The return tramp was made by the Bankhead road

and we arrived home in good time, having had a pleasant and get-acquainted time.

According to a statement made recently by Hon. J. D. MacLean, Provincial Minister of Finance, it is not feasible to reduce the provincial income taxation to the level of the Federal taxation. Income tax legislation was first enacted in B.C. in 1865 and since then has always produced, together with the taxation of personal property, a large portion of the provincial revenue. On the other hand, Federal income taxation was purely a means of producing war revenue.

An important fact about CHEVROLET

THIS one-piece windshield is the same construction as found on the much more expensive Fisher Body closed cars. It permits full, unobstructed vision and, when raised, perfect ventilation.

When partially raised it functions as a cowl ventilator the full width of the cowl. The windshield is raised and lowered by a few turns of a Tarnstedt regulator.

All closed models are equipped with automatic windshield wiper. A textile leather-covered steel sun visor and cowl lamps are also standard equipment.

A. J. Smith Garage, Ltd.

The New CHRYSLER '60'

Again Chrysler Quality and Performance—New Lower-Priced Six

Walter P. Chrysler, manufacturer of the famous Chrysler "70", the superfine Imperial "80" and the preferred four, Chrysler "58", now presents the new Chrysler "60"—the latest sensational product of Chrysler engineering—the first Chrysler Six at so low a price.

At last, all of the supreme value and performance you naturally expect from Chrysler, in a size and at a price that revolutionize values and quality among lower-priced sixes.

Chrysler Quality—without an equal in the whole industry—in the new "60" now completes Chrysler domination of the three great fields

in which sixes are pre-eminent.

Chrysler Performance—always sensational, always superior—measured by the Chrysler model numbers—"58"—"60"—"70"—Imperial "80".

And in this newest Chrysler—the six-cylinder "60"—all of the Chrysler superiorities, features and new results combined in a quality six which upsets all previous standards in the lower-priced field.

Never before such a six at such a price as the Chrysler "60".

See the new Chrysler "60". Drive it. Don't be satisfied with anything less than Chrysler "60" value, quality and performance.

Chrysler "60" Quality Features

- 1 6-Cylinder Chrysler Motor.
- 2 54 brake horse-power.
- 3 60 miles per hour and more.
- 4 5 to 25 miles in 7 1/2 seconds.
- 5 Easily 26 miles to the gallon.
- 6 7-bearing crankshaft.
- 7 Aluminum alloy pistons balanced to sixteen one-hundredths of an ounce.
- 8 Impulse Neutralizer—Not a balancer, but a device that absorbs the natural impulse re-actions common to all internal combustion engines.
- 9 Purolator—filters all crankcase oil.
- 10 Centrifugal air cleaner—protects cylinders and pistons from road dust and grit.
- 11 Full pressure oiling system—a film of oil for all bearings, insuring long life.
- 12 Semi-automatic plus manual spark control.
- 13 Manifold heat control.
- 14 Chrysler roadability—easy to steer, easy to handle at all speeds, always safe.
- 15 Chrysler hydraulic four-wheel brakes.
- 16 Levelizers, which eliminate road shocks, at both front and rear.
- 17 Chrysler dynamic symmetry of body design.
- 18 Great roominess combined with Chrysler compactness for easy parking.
- 19 Duco finish in striking color combinations.
- 20 Full balloon 30 x 5.25 tires.

We are eager to demonstrate the above features in the new Chrysler "60". Arrange to drive this sensational car yourself.

RUTLAND

Miss Michella Oppenheim, of Thames Ditton, England, is staying with her uncle and aunt, Mr. and Mrs. A. Marchant.

Rutland will soon have a box factory. This building, which is being erected by the Pine Lumber Co. and will be 110 feet by 48 feet, is located east of the Okanagan Packers Ltd., facing the Vernon Road. Mr. J. Miller, who will be the manager of the factory and has charge of its construction, has the work well in hand, and it is expected that operations will commence about June 1st. From twelve to fifteen men will be employed during the box making season.

A special meeting, called by the vegetable and fruit growers, was held in the Community Small Hall on Monday evening to discuss the unsatisfactory condition of the road leading to the Kelowna Growers' Exchange packing house. Mr. W. G. Montgomery presided over a good attendance.

Mr. A. L. Baldoock stated that the road was most unsatisfactory on account of its narrowness and steepness of grade. He pointed out the difficulty of wagons and motor trucks passing each other on the road and the danger of accidents on the steep embankment. Mr. George Monford mentioned that the bridge was only 14 feet wide and was not wide enough for two vehicles to pass. He thought that a moderate outlay would put the road in a sufficiently good condition to handle the traffic for the coming season which it was expected would be considerably larger than in the past year.

A number of others also spoke, after which a committee was appointed to get in touch with Mr. W. K. Gwyer, District Engineer, and endeavour to have him examine the locality with a view to remedying the condition of affairs complained of.

Brig.-Gen. A. R. Harman, a director of the Kelowna Growers' Exchange, had been announced to address the meeting, but was unable to be present at the last moment. Capt. C. R. Bull was asked to take his place and assured the meeting of the support of the Kelowna Growers' Exchange in their efforts to have the road put into proper condition.

Mr. E. Dudgeon arrived home on Monday from Calgary, where he has been for the past few months.

In connection with the Rally Day to be held in school grounds next Thursday (June 3rd), a cake competition is to be held. The competition is open to all girls 16 years old and under. There is no entrance fee, but all cakes submitted become the property of the Rally Day Committee. Entries must be in by noon on June 3rd. The recipe must be followed exactly and the judges will be Mrs. S. J. M. Gwyer, Miss Whitlow, Domestic Science teacher. There will be a cash prize of \$2.50 kindly donated by Mr. J. R. Beale. The recipe is as follows:—

Recipe for Quick Cake:—2 eggs, 1/2 cup milk, 1 1/2 cups flour, 1 cup sugar, 1/2 cup fat, 2 teaspoons baking powder. Place in a bowl in the order named. Beat three minutes. Add flavouring: 1 teaspoonful vanilla, or 1/2 teaspoon each lemon and vanilla. Bake in a bread pan until when touched with the finger it springs into place. ICING:—1 cup icing sugar, 1 teaspoonful lemon juice, 2 tablespoons cold water. Add sugar to water and lemon juice, beat together thoroughly, and spread on cake.

It has been decided to have a greater variety of refreshments this year. Light lunches, afternoon tea and supper will be served. The committee have planned to have a better programme, and a number of side shows, including hoopla, Aunt Sally, shooting gallery and clock golf will be put on to help people spend their money.

The local baseball team invaded Kelowna on Thursday evening last and came out on the long end of a 15 to 7 score. The game was a fair one, each team having one ragged inning. Ken Dalgleish pitched again for Rutland and held the Kelowna batters down until the seventh, which was played in semi-darkness. In this frame the town boys got four of their runs. During the game he struck out 12 of his opponents. The team fielded fairly well throughout, except for a few wild throws.

FILM VERSION OF FAMOUS BARRIE TALE

Betty Bronson Has Title Role In "A Kiss For Cinderella"

The happy triple alliance of J. M. Barrie, famous Scottish author, Herbert Brenon, noted film director, and Betty Bronson, the appealing little Paramount star—the same unrivalled combination that gave the motion picture world "Peter Pan"—has produced another screen classic, "A Kiss For Cinderella," which is due at the Empress Theatre for one date only, on Monday, May 31st.

Next to "Peter Pan," "A Kiss For Cinderella" is probably Barrie's best known and most popular work. It has all the imaginative qualities and whimsical touches that distinguished its predecessor, with the added advantage of a charming, altogether modern love theme, an intensely dramatic plot and a lot of real, humanly sympathetic and lovable characters.

Imagine bewitching little Betty Bronson as a pathetic, lonely, half-starved slave of the London wilderness of bricks and mortar, dreaming of the day when a handsome fairy Prince will pick her out as his Princess. No wonder the artist in whose studio she dusts and cleans names her Cinderella! But dreams sometimes come true, though the fairy Prince turns out to be a policeman!

In between the two extremes of fantasy and reality are incidents that tug at the heart-strings, episodes that provoke chuckles and smiles, and scenes that range from the London slums to a magnificent dream ball.

Herbert Brenon, who proved with "Peter Pan" that he was ideally fitted to transfer to the screen the fanciful tales of Barrie, has scored another directorial triumph with "A Kiss For Cinderella." Tom Moore, as the policeman, and Esther Ralston, as the fairy god-mother, are co-featured with Betty. The supporting cast boasts such well known players as Henry Vibart, Dorothy Cumming, Ivan Simpson, Flora Finch and Juliet Brenon.

Rutland has now beaten two of the opposing teams and lost to one, Winfield, by a close score. The team hope to have the support of a number of motorists when they make their trip to Oyanam on Monday. The team has been fortunate in having the same lineup on the infield each game, the only changes being occasional alterations in the outfield.

The teams lined up as follows:—
RUTLAND: K. Dalgleish, p.; D. Fitzpatrick, 2b.; E. Howes, 3b.; A. Dalgleish, c.; P. Graff, s.s.; W. Barber, 1b.; C. Dillman, r.f.; V. Lewis, l.f.; F. Blenkard, c.f.

KELOWNA: Hughes, 1b.; Taggart, 2b.; Gaspardone, r.f.; Rainbow, c.; Engles, s.s.; J. Mills, c.f.; Saigo, p.; Handlen, 3b.; Marshall, l.f.; Riley, s.s.

The score by innings at the Kelowna game was as follows:—
RUTLAND: 2 1 2 0 8 2—15
KELOWNA: 0 0 0 1 0 2 4—7
Umpires: Cook and Henderson.

The depth of water in the reservoir last Monday was 13 1/2 feet.

Mr. D. McDougall, who has been sent to the District reservoir, to investigate the possibility of turning the water in certain small creeks and lakes into the reservoir, expects to complete the preliminary survey in the course of a few days, when a full report will be handed to the Trustees. As soon as this is received and the Trustees have checked up the information obtained with the aid of engineers, a public meeting will probably be called for the purposes of giving water users up-to-date information on this important subject. Although in another part of the paper there is an advertisement notifying the public that the District reservoir and right of way are private property, and that trespassers are liable to prosecution, this information is solely for non-residents, property owners in this district, being really joint owners, have no fee to pay, but it is the wish of the Trustees that they should, when visiting the reservoir, carry a personal permit, so that Fish Wardens and other authoritative agents can be certain of their identity.

LETTERS TO THE EDITOR

A PUBLIC EYESORE

Kelowna, May 25, 1926.
The Editor,
Kelowna Courier.

Sir, We are justly proud of our fair city and boost it mightily. One of our greatest attractions, to which we call attention, is our beautiful Park on the lake front, with the Tourist Park adjoining. Here we bring our visitors and invite tourists to stay. But when they arrive, either across the Ferry or off the "Steamer," almost the first thing to meet their eyes is an unsightly, filthy window, with writing on it, which has been there how many months we hesitate to say. Glancing in what was once the dining-room of the Royal Hotel, remnants of the last meal are seen remaining on the tables. Behold a milk can (what of the germs there?), a bit of bread, a bottle of sauce, etc.!

Is there no one who could authorize the cleaning up of this unsightly spot on our most important street? A few dollars would get the inside swept up and the windows cleaned. Who will blot out this eyesore from our fair landscape?

Yours truly,
A. R. HUNT.

No Linger

A tourist who had stopped at a mountaineer's cabin noticed four holes in the door.

Tourist: "Friend, I don't want to be too inquisitive, but what are the four holes in your door for?"

Mountaineer: "Wal, yo' see, I have four cats."

Tourist: "But wouldn't one good-sized hole do for all the cats?"

Mountaineer: "Mister, when I say 'Scat!' I mean 'Scat!'"

Always

Better

REGARDLESS of the model or the price, McLaughlin-Buick has always been a good car and an outstanding value.

The underlying principles which make McLaughlin-Buick in every way BETTER are the result of years of experience and research developed by the vast Research Departments of General Motors—proved by the most exhaustive tests at the General Motors' Proving Grounds—and finally incorporated as standard features essential to McLaughlin-Buick performance.

Today—as in the past and as, we confidently believe, in the future—McLaughlin-Buick is the basis of all automobile values—the standard, for the entire continent, to which motor cars of every make seek to measure up.

There is a McLaughlin-Buick model to meet your needs and at a price to suit your purse.

The new low GMAC financing rates are available to purchasers of McLaughlin-Buick on time.

cepted for publication over a "nom-
de plume"; the writer's correct name
must be appended.Contributed matter received after
Tuesday night will not be published
until the following week.

ADVERTISING RATES

Contract advertisers will please note
that their contract calls for delivery
of all changes of advertisement to
The Courier Office by Monday night.
This rule is in the mutual interests
of patrons and publisher, to avoid a
congestion on Wednesday and Thurs-
day and consequent night work, and
to facilitate publication of The Cour-
ier on time. Changes of contract ad-
vertisements will be accepted on
Tuesday as an accommodation to an
advertiser confronted with an emer-
gency, but on no account on Wed-
nesday for the following day's issue.Classified Advertisements—Such as
For Sale, Lost, Found, Wanted,
etc., under heading "Want Ads." First
insertion, 15 cents per line; each
additional insertion, without
change of matter, 10 cents per line.
Minimum charge per week, 30
cents. Count five words to line.
Each initial and group of not more
than five figures counts as a word.
Filing fee for box numbers, c/o
The Courier, if desired, 10 cents
extra.Transient and Contract Advertisements—Rates quoted on application.
Legal and Municipal Advertising—
First insertion, 15 cents per line,
each subsequent insertion, 10 cents
per line.If so desired, advertisers may have
copies addressed to a box number,
care of The Courier, and forwarded
to their private address, or delivered
on call at office. For this service, add
10 cents to cover postage or filing.

THURSDAY, MAY 27th, 1926

Orchard Run

AID THE
BOY SCOUTSTomorrow and Saturday, the Boy
Scouts of Kelowna hold the annual
entertainment which is their lone source
of revenue other than that which they
provide through payment of fees by
themselves. From the proceeds of the
entertainment the expenses of the sum-
mer camp are largely financed, hence
the success of the camp depends in a
certain measure upon the extent of sup-
port and patronage accorded to the
entertainment by the public.The value of the Scout movement is
now so widely known that it need not
be elaborated, but the same public that
commends the good work which makes
clean-minded boys and manly men out
of their young hopefuls seems to forget
that, as in everything else, some money
is needed to make the wheels go round.
Praise, no matter how fervent, does not
provide camp equipment, tents, pots
and pans and all the varied assortment
of "ikats" needed to make life under
canvas healthful and enjoyable will not
last for ever, and the beauties of the
firmament are not enhanced by looking
at them through the holes of a leaky
roof. A bed on the ground is getting
close to nature, all right, but a good
waterproof sheet in between is an ex-
cellent insurance against aching bones
and rheumatism. There is always some-
thing to be replaced or something addi-
tional required, and it takes money, so
all friends of the Scout movement
should see to it that loyal ants, pots
and pans are given the entertainment. As
many as possible should attend, so as
to encourage the lads in their work and
play as well as provide financial aid,
but there will always be some who can-
not find the opportunity to be present
through force of circumstance or other
engagements. As a means of compensa-
tion for their absence, they ought at
least to buy a ticket, of which there
should be none unsold when the enter-
getic young canvassers get through
with their task.The attorneys for the defence are
Messrs. P. H. Moore, of Colony Farm,
and Professor H. R. Hare, of U.B.C.
The hearing will be public.LOVE, MYSTERY AND
THRILL UPON THRILLLon Chaney Has Weirdest Role Yet
In "The Phantom Of The Opera"Hailed by many critics as the great-
est picture of the year, "The Phantom
Theatre on Wednesday and Thursday,
June 2nd and 3rd, to thrill Kelowna
theatre goers with its wonderful and
weird sensationalism.Screened from the internationally
famous story by Gaston Leroux, the
play has been produced on a tremen-
dous scale throughout, with some fifty
principals and over five thousand other
persons taking part in its action. The
story is brimful of thrill after thrill—
the very concentrated essence of ex-
citement and mystery—and is staged
in a most gorgeous and lavish manner.
It is the tale of a grim, ghostlike being
who hides in the huge cellars, five stories
below ground, amid the foundations
of the great Paris Opera House. Lon
Chaney in this, his weirdest part, wears
an extraordinary makeup as the grotes-
que monster of the cellars. He coaches
the play for the girl he loves,
played by the delightful Mary Philbin,
but she is finally rescued by her sweet-
heart (Norman Kerry), aided by a
mysterious Persian (Arthur Edmund
Carewe).The entire performance of "Faust"
on the stage of the Opera House is
shown in actual colour. The brilliant
crowds, involving the participation of
thousands of people, the boxes, the
whole interior of the world's largest
opera house; the gorgeous ballet, the
great masked ball, all provide specta-
cular scenes that rival anything at-
tempted before in moving picture pho-
tography. But they are just back-
grounds at that—the settings for the
grim story of the monster below, who
sends a huge chandelier crashing down
on an audience, taking hundreds of
lives; a fearsome being whose arm
reaches from under the dark waters of
the lake under the earth to drag a liv-
ing soul to its maker; whose machina-
tions finally bring upon him the wrath
of a city, when a roaring mob dashes
through the catacombs to wreak dead-
ly vengeance.Lon Chaney was wonderful in "The
Hunchback of Notre Dame," but in
this, his successor to the Victor Hugo
classic, he appears in a far more thrill-
ing and mysterious role. "The Phant-
om of the Opera" presents the prince
of character actors as the prince of
thrills—and thrills he furnishes aplenty.SCRUB BULL TO BE
TRIED BEFORE JURYCase Will Be Important Feature Of
Farmers' Annual PicnicThe following prominent citizens
have been served with a summons
(blue) to attend as witnesses in the
trial by jury (prejudicial) of
the scrub bull at the Dominion Ex-
perimental Station picnic on Saturday,
June 12th, at 3 p.m.:Kelowna: Messrs. M. Heron, W.
R. Barlee, L. Mitchell, L. E. Taylor,
Alister Cameron, Ben Hoy, Thos. Bul-
man, J. W. Jones and Capt. A. Ack-
land.Winfield: Messrs. Jas. Goldie, R.
Powley, M. P. Williams and Capt. J.
C. Dunwaters (Fintry).Westbank: Messrs. Ira Howlett, W.
B. Gore and F. Dobbin.The case will be tried before Judge
(of cattle) R. H. Hare, of the U.B.C.
Court and the bull will therefore
be assured of a fair hearing.
The accused is being held (by the
nose) in solitary confinement, or rather
confinement, pending the hearing of
the case. The charge, which has been
laid by the prosecuting "cock-at-
ter," is that the bull, who is now at
the University of British Columbia,
Superintendent W. H. Hicks, of Ag-
assiz, is that this registered Jersey
bull by virtue of his lack of proper
dairy conformation and type and not-
withstanding his breed is totally unfit
to propagate his species in a pure bred
herd.The attorneys for the defence are
Messrs. P. H. Moore, of Colony Farm,
and Professor H. R. Hare, of U.B.C.
The hearing will be public.WHEN SHOULD APPLES
BE THINNED?Thinning, or the removal of a por-
tion of the crop to improve the size
and grade of the apples left on the
tree, has now become an established
orchard practice. There is still some
difference of opinion, however, regard-
ing the time when thinning can most
advantageously be done.In order to clear up the uncertainty,
an investigation of the problem was
started at the Summerland Experimen-
tal Station in 1924. The work was
continued and extended in 1925. Two
trees of each of a number of important
commercial varieties, such as McIntosh,
Delicious, Jonathan and Rome Beauty,
were used in the investigation. Every
fourth, from blossom time till the
end of July, ten spurs on each tree
were thinned to a single apple on each
spur. Each spur was numbered with
a tinfoil tag. Diameter measurements
of each apple were made at thinning
time and at the time harvested.Briefly, the results of the two years
investigation suggest the following
general statements. Thinning at the
blossom and calyx stages is impractical.
With varieties such as Duchess, Yellow
Transparent, and Wealthy, which tend
to set several fruits to a spur, thinning
may well be started when the calyx
stage is over. With varieties such as Mc-
Intosh, Grimes Golden, and Delicious,
which frequently thin themselves to
one fruit to a spur, it is well to wait
until after the June drop. The labour
of thinning is greatly increased if the
operation is deferred till the fruit is
larger than walnut, but as the size of the
fruit is influenced even when the thin-
ning is done quite late in the season.
R. C. PALMER,
Dominion Experimental Station,
Summerland, B.C.

SPRING BROOD PRODUCTION

A colony of bees can only store sur-
plus honey in proportion to the number
of bees it has available for field work
during the time the main honey flow is
on. The greater this force of bees the
larger will be the crop stored, provided
all other conditions in the colony are
equal. Nature may supply an abun-
dant nectar and favourable weatherSAVE ON YOUR

KELOWNA, B.C.conditions for gathering, but it rests
with the beekeeper to furnish the bees
and to produce them at the proper
time.To furnish the largest possible force
of bees of the right age for the harvest,
maximum brood production must take
place during the six or eight weeks just
prior to the commencement of the main
flow. Colonies that do not reach their
peak of brood rearing until after the
flow has started are not maximum
honey producers. The beekeeper's task
during the spring and early summer,
then, is to so manipulate his colonies
that the entire energy of the bees is
devoted to brood rearing. The main
essentials necessary to stimulate high
brood production are:(1) Prolific queens. All weak fail-
ing or drone-producing queens must be
replaced immediately, as any loss time
in egg-laying means less bees for the
harvest.(2) Sufficient room for the queen.
At no time must the brood chamber be
allowed to become clogged with honey
or pollen: there must always be room
for free expansion of the brood nest.(3) Plenty of stores. Just enough
for immediate needs is not sufficient;
large amounts are needed for the devel-
oping brood and any shortage will
cause a check in production.(4) Protection. Cellular wintered
bees should be protected immediately
they are brought out from winter quar-
ters and until settled warm weather is
provided for by leaving them in their
cases.C. B. GOODERHAM,
Dominion Apiarist.THE CHIEF SOURCES
OF MILK CONTAMINATIONMilk producers as a whole are well
aware that the keeping quality of milk
and its general fitness for use in manu-
facturing our various dairy products
and for the fresh milk trade depend
on the extent to which bacteria may be
kept out, or kept in check. Efficient
cooling is the proper measure to take to
keep bacteria in check, but this alone is
not sufficient for it only slows down
the development of the germs already
in the milk. Bacteria should be kept
out as far as possible, and much has
been written on the subject of milk
contamination and all the possible ave-
nues of infection to which milk is open.The sources of contamination are in-
deed many and are frequently enumer-
ated at such length as to cause confu-
sion and make the average farmer won-
der just where to start to improve the
quality of his milk. We think that
rather too much emphasis has been laid
on having the producer consider all
possible sources of infection, and too
little placed on a knowledge of the chief
sources. Extensive tests at the Central
Experimental Farm on the relative im-
portance of the different sources of in-
fection showed two to stand out pre-
eminently, namely, improperly cleaned
pails or other containers and dirt from
the cow falling directly into the milk.
Other sources of contamination such as
the stable air, wet milking, neglect to
discard foremilk, or to wash hands or

to wash off the udder, feeding hay be-
fore milking, etc., were found, naturally,
to increase the germ content, but were
of much lesser importance as actual
sources of contamination.The minor sources of contamination
should not be neglected, but care taken
with regard to them will only show re-
sults if the pails and animals are clean;
otherwise extra precautions are wasted.
It cannot be too strongly emphasized
that the producer who is desirous of
improving the quality of his milk
should start by insuring he has a clean
pail, a covered pail and a clean cow.A. G. LOCHHEAD,

Messrs. H. J. Jackson and L. S. V. York, of the Provincial Finance Department, Victoria, are in town on official business. 41-1c

Mr. G. W. Milne, manager of the Rowcliffe Fruit Co., Moose Jaw, who had spent a few days here, left on Wednesday for his home. 41-1c

Mr. J. P. Boyd, Mayor of Merritt, and Mr. H. C. Meeker, of the same city, spent the holiday in Kelowna, staying at the Lakeview. 41-1c

Three cars of canned goods were shipped from the city last week. No shipments were made during the corresponding week in 1925. 41-1c

Mr. and Mrs. J. A. Labron and family, of Armstrong, were numbered among the holiday visitors to town, staying at the Lakeview. 41-1c

General A. R. Harman, Mr. J. N. Thompson and Mr. Arthur Smith motored south to Yakima on Monday, to view the packing houses there. 41-1c

Messrs. R. McDonald, M. Muir, J. Galety and J. Dorringer, of Princeton, spent Sunday as guests at the Lakeview, going north on Monday. 41-1c

Mr. and Mrs. A. McEighan and family, of Kamloops, stayed at the Palace Hotel over the week-end and holiday. 41-1c

Mr. W. McClimon, who sustained a broken leg while playing for Kelowna in the football match on Monday, is progressing as favourably as possible. 41-1c

Mr. F. W. McLaine, of Vancouver, inspector for the Globe and Dominion Co. of Canada, arrived yesterday on a business visit to town and is a guest at the Lakeview. 41-1c

Mr. D. C. White, of Sicamous, is relieving Mr. J. Burnham, C.P.R. Agent, who is in attendance at the annual convention of C.P.R. local agents and general officials. 41-1c

Guests at the Lakeview yesterday included Mr. J. Shepherd, Victoria; Mr. G. W. Thompson, Vancouver; Mr. G. E. Venables, Vernon; Mr. and Mrs. W. G. Craig, Penticton. 41-1c

Mrs. J. McGarrity, who was to have accompanied Mr. and Mrs. C. Clarence on their trip to the Coast, was unable to proceed, owing to illness which confines her to the house. 41-1c

Okanagan District Association No. 1, I.O.O.F., meets at Penticton today. The Association comprises six Okanagan lodges, and about thirty delegates are in attendance from Kelowna. 41-1c

Mr. and Mrs. R. M. Brown, Mr. and Mrs. G. W. Mack, Mr. and Mrs. J. Aylin and Mr. R. A. Bethune, all of Kamloops, were holiday visitors to Kelowna, registering at the Lakeview. 41-1c

Under the auspices of the Kelowna Scottish Society a benefit dance will be held in the Morrison Hall on Friday, June 4th, the proceeds of which are to be handed to Mr. "Billy" McClimon, who sustained a broken leg during the football match on May 24th. 41-1c

The Scout Auxiliary are holding their annual dance on Thursday, June 17th, in the Scout Hall. It will be a Rose Dance this year, and the event is always a very enjoyable one, as the ladies of the Auxiliary work hard and make it one of the best dances of the season. 41-1c

Following the custom of the past few years and in accordance with the recommendation of the Executive of the Kelowna Retail Merchants' Association, the merchants of Kelowna will observe Thursday next, June 3rd, the King's Birthday, as a whole holiday. 41-1c

Heavy rain on Sunday night and the following day was followed by a marked drop in temperature, particularly after a strong Bear Creek squall between 1.00 and 2.00 o'clock on Monday afternoon, and a slight frost ensued on Monday night which caused considerable loss of tomato plants in some localities, while other districts escaped damage. 41-1c

Mr. J. G. McKay, who contributes sport items to The Courier, suffered sharp attack of illness on Monday night which laid him up for a day, and it is only with great difficulty that he has been able to compile his budget for this week's issue, including an account of the events on Victoria Day. 41-1c

A number of Revelstoke people spent the week-end in town as guests at the Lakeview. They included Dr. and Mrs. A. L. Jones, Mr. and Mrs. G. Whitehead, Mr. D. C. Horth, Mr. K. G. McRae, Mr. J. G. Barber, Mr. and Mrs. A. J. Macdonald, Mr. S. L. Hume, Mr. G. Williamson, Mr. H. Mullholland, Mr. and Mrs. J. H. Bews. 41-1c

Major J. W. Clark, of the Department of Lands, Victoria, who has been in Kelowna for some time in connection with an exhaustive survey which he is making of the conditions existing in the various Irrigation Districts, has been indisposed for some time past and he left for the Coast today via the C.N.R., under doctor's orders to take a rest for a couple of weeks. 41-1c

Lieut.-Col. John Cecil Latham Bott of Vernon, well known throughout the Okanagan as pre-war commanding officer of the 30th B. C. Horse, and later in command of the 2nd C.M.R., which he took overseas, passed away at the Jubilee Hospital, Victoria, on Saturday last after a lingering illness, at the age of 54 years. Col. Bott, who is survived by his wife, was an ex-Imperial officer, having served with the 20th Hussars during the South African War and elsewhere. 41-1c

Mr. C. W. Lees, Principal of the Public School, left on Saturday to visit certain schools in Seattle and Vancouver, where the new "platoon" system has been introduced, a method largely employed in Detroit and other American cities, also at Windsor, Ont. Under this plan, a class is divided in two, half of the pupils at a time doing ordinary work in the classroom while the other half visit other classes and receive special instruction. Miss M. Wood is Acting Principal in Mr. Lees' absence. 41-1c

Mr. John Butler, of the headquarters staff of the Canadian Legion, of the British Empire Service League, of the new body which has been formed to amalgamate the majority of existing organizations of war veterans, spent yesterday in town in the interests of "The Legionary," a new publication which will be issued by the Legion to take the place of "The Veteran," published since the end of the war by the Great War Veterans' Association, and was successful in securing a considerable number of subscribers. 41-1c

The regular monthly meeting of the Women's Institute was held in the W. I. room on Wednesday afternoon. There was a good attendance and Mr. H. T. Mengens' lecture and see his demonstration of preparing fowls for market. The Secretary submitted a letter from Dr. H. E. Young, Provincial Health Officer, regarding the establishment of a Sanatorium on Vancouver Island for crippled children, the work of which is proceeding very satisfactorily. Dr. Young wished information, if possible, of the number of children in British Columbia who would benefit by treatment. 41-1c

Mr. J. Wyatt, mail contractor for the Kelowna-Vernon route, took a week-end holiday and drove from Vernon to Nakusp via the Fire Valley road, doing the eighty miles from Vernon to Edgewood in five hours, which is fair time, considering that the new portion of the road over the summit is still in rather rough shape. One of the worst places encountered was on the east side of Arrow Lake near Nakusp, but a new piece of road is being built to eliminate the bad stretch. Transfer across Arrow Lake, which narrows practically to the Columbia River at the point of crossing, is effected by ferry. 41-1c

Two distinguished visitors will attend the annual entertainment of the Boy Scouts next Saturday evening. Sir Alfred Pickford, Imperial Overseas Commissioner of Boy Scouts, is touring Canada in the interests of the organization, and is accompanied by Mr. John A. Stiles, Assistant Chief Commissioner for Canada. According to present arrangements they will reach the city by the 4.30 ferry on Saturday. Sir Alfred Pickford would like to meet any old friends who are living in this district, and they should get into touch with Scoutmaster Weddell as soon as possible, if they desire to meet him. 41-1c

On the invitation of the members of Orchard City Lodge No. 59, I.O.O.F., the delegates in attendance at the Grand Lodge, I.O.O.F., which will meet at Vernon from June 7th to 10th, will drive to Kelowna on the evening of the 10th in cars furnished by Vernon brethren and friends, and a reception and dance will be held for them at the Aquatic Pavilion, with a band concert in the Park. The visitors will return to Vernon the same night. It is expected that the majority of delegates, numbering between two and three hundred, will make the trip to Kelowna, and about seventy-five cars will be required for their transport. 41-1c

Lieut.-Governor R. Randolph Bruce is to address the gathering at the Farmers' Picnic to be held at Summerland on June 12th. 41-1c

Again The Courier has to lament the illness of a member of its staff, Mr. A. K. Stuart, assistant editor, being the latest victim. He has been confined to his home since Tuesday. While he has not been in the best of health for some time, his inability to carry on his duties developed unexpectedly and, with one working day less this week, owing to the holiday on Monday, in the circumstances the task of publishing this issue at the usual time has been an onerous one. As it is possible that Mr. Stuart may not be able to return to the office for two or three weeks, friends and patrons will help greatly if they will turn in all copy, whether news or advertising, earlier than is their custom. 41-1c

SPRAY NOW FOR CODLING MOTH
Second Application of Season Should Be Made Immediately
(By Ben Hoy, Assistant District Horticulturist)

The second spray for Codling Moth should be applied immediately. The third spray should follow six weeks from the second. Where four sprays are being applied, the third spray should be applied two weeks after the second and the fourth about four weeks after the third. Arsenate of lead, one pound to forty gallons of water, is the spray to apply. In order to get results in spraying for Codling Moth, the entire surface of the fruit must be covered. 41-1c

MARRIAGE
Harrison—Day
In the presence of a number of friends, at St. Michael and All Angels, on Wednesday morning, May 26th, Rev. C. E. Davis united in the holy bonds of matrimony, Mr. Ernest Harrison, of Killiney, son of the late Mr. Ernest Harrison, of Sunderland, England, to Miss Agnes Gertrude Day, daughter of Mr. Herbert John Day, of "Restcombe," Westside, and the late Mrs. Day. The bride's brother, Mr. Herbert Roy Day, acted as best man. After a reception at "Restcombe," the happy couple left the same day for their future home at Killiney. 41-1c

OBITUARY
Miss Mary Elizabeth Cann
After a comparatively short illness, the death occurred in Kelowna, on Saturday, of Miss Mary Elizabeth (Bessie) Cann, daughter of Mr. and Mrs. E. J. Cann, of Calgary, and granddaughter of Mr. Charles Mair, L.L.D., the distinguished Canadian author, who formerly resided in Kelowna in the thirties. The deceased, who was born at Prince Albert, was about thirty-four years of age. She resided here for some time when a young child but had spent most of her life in Eastern B.C. and the prairies. She came here with her mother about a month ago, and was struck down soon after by her fatal illness. The funeral was held on Sunday to St. Andrew's Churchyard, Okanagan Mission, and was attended by a number of old friends of the family. Rev. C. E. Davis officiated. The pall-bearers were: Messrs. E. W. Wilkinson, A. S. Burdick, W. D. Walker, Sr., W. D. Walker, Jr., H. Dunlop and A. H. Crichton. 41-1c

VACUUM PACK

Supremacy in Fine Steel

In the percentage of Costly Chrome Vanadium Steel used, Dodge Brothers Motor Car outranks any other automobile in the world, regardless of cost.

It is everywhere conceded that Chrome Vanadium Steel is the toughest and most enduring metal ever created for use in the vital parts of a motor car.

It may not be so well known, however, that Dodge Brothers Motor Car ranks first in the world in the use of this costly and fatigue-proof material.

Dodge Brothers power assembly is almost entirely Chrome Vanadium — motor, connecting rods, crankshaft, transmission, universal joint, drive shaft, differential and rear axle.

Even the front axle is Chrome Vanadium — the entire steering unit — and every leaf of the springs.

In fact, wherever any manufacturer uses alloy steels, Dodge Brothers use costly Chrome Vanadium. And in numerous instances Dodge Brothers employ it where plain carbon steel, even in the costliest cars, is commonly thought sufficient.

This has been true from the day Dodge Brothers built their first motor car.

This explains why the words *Long Life, Safety and Dependability* are habitually associated with the name Dodge Brothers wherever motor cars are serving mankind.

WESTBANK

Mrs. G. McIntosh left on Wednesday morning for Red Deer, where she has gone to visit her sisters, the Misses McLennan.

Miss Charlotte Brown returned on Tuesday from a visit to Miss Lilian Ewer at Naramata.

Mr. and Mrs. Conroy, of Vernon, arrived by car with their four children on Saturday to spend the holiday with Mr. and Mrs. Dave Gellatly.

Mr. and Mrs. W. H. Hewlett and Mrs. Dave Gellatly gave a dance on Saturday night at the home of Mr. W. H. Hewlett. About fifty were present and a most enjoyable evening was spent. The floor was just right and an excellent supper was served at 12 o'clock. Music was supplied by Misses McIntosh, Merle Howlett, Edwin and Jessica Paynter and Mrs. E. Paynter, in turn at the piano, and Mrs. Jones,

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, May 24, 1906

"The fine Shire stallion 'April Fool,' brought from Alberta by Mr. Chas. Hill, arrived on Friday's boat. The animal is said to have cost \$2,100."

"Mr. DeHart has put his fine 22-ft. launch 'Grace Darling' into commission for the season, after a thorough overhaul. Mr. Paul's launch 'Minchaba' has also been painted and put in the water."

"The Kelowna Land & Orchard Co. is arranging for a supply of irrigation water to the one-acre lots south of Mill Creek, and is having a flume built to connect with its main ditch from Mission Creek."

"Mr. W. B. M. Calder brought three fully ripened strawberries of fair size to the Courier Office on Monday. This is remarkably early, and bespeaks a general ripening several days in advance of the average."

"The moist weather of the past week has been very welcome to the farmers, and should ensure good crops of spring grain unless, exceptionally dry weather ensues when the heads are filling. In view of the wide-spread killing of fall wheat due to the lack of protection by snow, the prospect of a good crop of spring wheat will be cheering to the farmers."

"Prov. Constable Rose and City Constable Brent returned last Thursday from Penticton. They were patrolling Shingle Creek on the look-out for the train robbers (Bill Miner, Colquhoun and Dunn, who had held up and robbed a C.P.R. passenger train), who would probably have come that way had they escaped arrest in the Nicola. The constables report very bad weather in the mountains, being subjected to a fall of snow one night."

"The bishop of the diocese has appointed the Rev. A. St. John Midway, of Vernon, to the charge of the lately created missionary district of Penticton, comprising Penticton, Summerland and Peachland, thus relieving Rev. Thos. Greene of the oversight of the two latter places."

"As the C.P.R. has made no arrangements for a special service north or south on Victoria Day, it debar our citizens from visiting in any number the celebrations at Summerland and Enderby."

"Today being a public holiday, the Band will play in the Park some time during the evening."

The proposed by-law to raise \$10,000 for installation of a water system and to assess the necessary taxation in connection therewith in the proportion of two-thirds to the business district and one-third upon the residential portion of the town having been pronounced ultra vires by Mr. F. Billings, solicitor, Vernon, to whom it had been submitted, further action in regard to it was postponed by the City Council.

The death is recorded as having taken place at Fort William, Ont., Mr. H. Deane, formerly teller in the Bank of Montreal at Kelowna.

Messrs. Arthur Johnson and Nesbitt, violins.

The Co-operative Growers shipped the first green peas of the season on Wednesday. They were grown by Mr. Geo. Kingsbury.

"POUND DISTRICT ACT"

WHEREAS under the provisions of this Act application has been made to the Lieutenant-Governor in Council to constitute all that portion of Osoyoos Division of Yale District in the South Okanagan Electoral District, which may be more particularly described as follows:

Commencing at the point of intersection of the centre line between the east and west halves of Section 6, Township 26, with the south bank of Mission Creek; thence due south along the centre line of said Section 6, and the centre lines of Sections 31 and 30, in Township 26, to the south boundary of said Section 30; thence west along the south boundary of said Section 30 to the south-west corner thereof; thence continuing westerly along the south boundary of Section 25, Township 26, to the S.W. corner of the S.E. quarter of said section; thence westerly and northerly along the southerly boundary of the lands shown on Subdivision Plan numbered 1722, and deposited in the Land Registry Office at Kamloops, to the shore of Okanagan Lake; thence northerly along the shore of said Lake to the mouth of Mission Creek; thence easterly along the south bank of Mission Creek to the point of commencement, a pound district.

Notice is hereby given that, thirty days after the publication of this notice, the Lieutenant-Governor in Council will proceed to comply with the application, unless within the said time objection is made by eight proprietors within such proposed pound district, in Form A of the Schedule to the said Act, to the undersigned.

E. D. BARROW,

Minister of Agriculture.

King Hal's Complaint

A schoolboy, writing an essay on Henry VIII, made the following "howler": "At this time Henry walked with difficulty, having an abcess on his knee." Sounds like the old boy, does it not?

Some authorities say that hobbled hair is going out. Parents interviewed on the subject contend that it's not only going out, but refusing to come home at a reasonable hour.

Millie: "Oh, Archie is a good dancer in his way."

Bertie: "Yes, and in other people's too."

"Do you find it hard meeting expenses?"

"Gosh, no, I meet them everywhere."

PICNIC

AT THE
**DOMINION EXPERIMENTAL STATION
SUMMERLAND**

Saturday, June 12th

Under the auspices of the local Farmers' Institutes and B.C.F.G.A.

HIS HONOUR LT.-GOV. R. RANDOLPH BRUCE
will be the speaker of the day.

The programme will include thinning demonstration; trial by jury of a scrub bull; children's sports, etc.

Lots of fun and amusement and lots to see and learn! Bring your baskets and join the crowd. Tea and coffee provided free.

REPORT ON CROP AND WEATHER CONDITIONS

By Horticultural Branch, Provincial Department of Agriculture

Vernon, B.C., May 22, 1926
Vancouver Island and Gulf Islands, May 19

Wednesday, the 12th inst., was an exceedingly hot day for the time of year, the temperature rising to 82 degrees F. The next day there was a sudden change and it was raining most of the day. Since that date the weather has been cooler and somewhat dull and overcast with showers. "Strawing" of strawberry plantations is general at the present time, and this work should be pretty well completed by the end of the week.

Marshall strawberries have been on the market in crate lots during the past week. A few Magoons have been picked, but picking will not be general for another week. The cool weather of the past week has retarded ripening.

Gooseberries are being harvested in fairly large quantities at the present time.

Loganberries are in full bloom and give promise of an excellent crop.

Himalaya blackberries are not yet in bloom.

Raspberries are coming into bloom. Planting of late potatoes is general at the present time and should be completed in the near future.

Greenhouse tomatoes and cucumbers have been moving in increasing quantities during the past week and the first straight carload moved out on the 17th inst., and the second car, will roll to-night, the 19th inst.

General Conditions In Okanagan

After a general inspection of the Okanagan District, the following conditions might be noted at this date.

Apples and pears are generally well loaded. The drop will be fairly heavy in some sections, due to the rather cool unfavourable weather during the setting period. Much thinning will, however, be necessary in all sections in order to ensure size and quality.

In the Salmon Arm and Armstrong non-irrigated districts, there is considerable tree injury, mostly the root form, some trees are dead and many very weak, which will cut down the yield. At Vernon, there are some trees of certain varieties which have come back, but the remainder are in good health and fair vigour.

At Kelowna, trees are in splendid health and the crop should be good. Farther south, the trees are all in good condition and the crop will be a fair one. This is only natural after the heavy crop of last year. In the well fertilized and cared for orchards the crop will again be heavy.

There has been considerable new planting done in all sections of the Valley in apples and pears. McIntosh has been the variety most heavily planted in the North, and pears have been planted fairly generally but heavier in the southern end.

All trees are very free from pests with the exception of the Blister Mite where the dormant spray of Lime Sulphur was not used to combat it.

Stone fruits will be a heavy crop all through the Valley, winter conditions having been very favourable. In the southern end of the Valley apricots are very heavy. Peaches are showing a fair set and cherries are good on the whole, although a bit patchy due to spring frost injury.

Small fruits, grown principally in the northern end of the Valley, are in excellent shape for a bumper crop.

Vegetable Crop

Onions were planted very early this year owing to the exceptionally early spring, but the cold weather following has not been favourable for the best results. Early cabbage, on the other hand, has done particularly well and is well advanced for the season. Tomatoes are being planted heavily in the Kelowna and Keremeos sections and also in the Oliver section. The cool, rainy weather recently has been excellent for transplanting. Potatoes have been planted very heavily at Vernon, Armstrong, and particularly along the new Canadian National line to Kamloops and at points on the main line of C.P.R.

Cut worms have been the most serious pest this year.

Field Crops

There have been large seedings of grain in the Kelowna and Vernon sections due to the favourable fall and spring conditions and the crops never looked better. The early seeding and the many heavy rains have brought these crops along in great shape. Considerable anxiety is being felt with respect to injury from grasshoppers in the Vernon and Armstrong sections. Alfalfa is outstandingly good everywhere. Cutting will be earlier than last year. Timothy and clover are also starting to show good growth now and should be a good crop where irrigation is available. In the non-irrigated sections much will depend upon the later rains. Grasshoppers and crickets are very bad again in the Vernon and Lavington sections and are also bad around Armstrong.

Irrigation Conditions

The majority of the creeks have fallen extremely low for this season and in some sections storage water is already being drawn upon. It is hoped that the reservoirs will continue to hold up better this year than others, on account of the slow "run off" due to the ground not having been frozen last winter. It is felt that a great deal will depend upon our summer rainfall this year as to whether or not there will be sufficient irrigation water to bring the heavy crop through successfully.

Vernon, May 21

Weather conditions are keeping on the cool side with occasional showers. Growth of all crops is very rapid and with a continuance of such conditions will be far enough advanced that no serious check should occur if hot weather should prevail in the near future.

Tree fruits are looking well but a heavy drop is occurring in all varieties. The extent of this drop cannot be accurately estimated for possibly two weeks. Some of the earlier varieties in the Okanagan Centre and Oya districts are ready for thinning and no time should be lost in commencing this operation.

Blister Mite is very badly spread throughout the Vernon district and is serious enough in many orchards to cause grave concern to the owners. All small fruits are doing well. Early strawberries are being picked in small quantities and next week should see these berries on the local market. Raspberries promise a good crop as do also blackberries.

Growth of the hay and grain crops is so rapid that they are getting ahead of the grasshoppers and little serious damage to these crops from this pest is so far noticeable. Undoubtedly more serious damage will occur to the second growth of clovers and alfalfa. Cut worms are this year almost a plague and are doing serious damage to late sown grain fields. Spraying operations are general and excellent attention is being given by orchardists to all the necessary operations.

Kelowna, May 19

Present indications are that there will be a good crop of fruit, but not so much as the blossom indicated. Fruit is sizing well and thinning will commence immediately.

Ground crops are growing well. Tobacco planting will commence next week.

Penticton, Keremeos, Cawston, Oliver, May 19

With an exceptionally mild winter and an early spring, the orchards are in excellent shape. There was a heavy bloom on all varieties of tree fruits which gave promise of a very heavy crop but, with adverse weather at blossom time, there has not been the set that was expected, although the crop generally is good.

With more prosperous times there is a decidedly better feeling amongst the growers, which is evidenced in the increased amount of spraying, use of fertilizers and general orchard work.

The trees in the Keremeos district

are looking well and the crop should show considerable increase over last year. The tomato crop is being set out now and will run about 225 acres.

The Cawston district will handle about 125 acres of tomatoes and in addition will grow some 75 acres of sweet corn for canning.

The cantaloupe crop will show an increase in the Oliver district. The same care in picking and packing is taken as in former years, the reputation this district has for cantaloupes will be well established.

In the Oliver district the tomato crop will run about 130 acres and will go mostly to the cannery. There should also be a small tonnage of stone fruits this year and will really be the first shipments of any consequence. The orchards have come through in good shape and it will not be long before this district will contribute considerable of the fruit tonnage of the Valley.

Summerland, May 20

The cherry crop is showing a decided drop, and the prospects are that the crop will not show up as well as at first expected.

Apricots are a full crop, with much thinning yet to be done. Peaches have set well.

The apple crop has begun to drop very noticeably already, although in many orchards this natural drop will materially help thinning.

Cut worms have been very troublesome to tomato growers this season. Hot house tomatoes are being picked and shipped.

Creston, May 17

The past week has been decidedly cooler. The calyx spray was completed early in the week in most instances, and where irrigation was installed growers were applying water.

Rhubarb is still coming in but the Cranbrook area will be able to draw on its own local supply by now.

Gooseberries are sizing rapidly and a few may be on the local market by the end of the week.

Tomato planting has started. A few of the growers in the drier situations were busy last week but the bulk of the planting will be this week. The acreage will be slightly less than last year.

Cabbages are growing nicely but the total acreage is smaller than that of last year.

Strawberries have been hoed and mulched and are looking very vigorous with blossoms still showing. Shipping may be expected by the end of the month.

Tree fruits are sizing nicely and the season is still well advanced. The crop shows no apparent injury to the set by the early changeable spring weather that was experienced.

Harrison Hot Springs Hotel Company Limited

MAKE AN UNUSUAL GENEROUS OFFER TO BRITISH COLUMBIA INVESTORS

Sound Security - Sure Dividends - Attractive Profits

A few British Columbia business men have invested more than three-quarters of a million dollars of their own money in the development of the famous Harrison Hot Springs as a health and pleasure resort. The magnificent hotel opens about May 15th. This resort is now on a par with such famous resorts as Banff, Lake Louise and Jasper. The new resort will be known as the Harrison Hot Springs Hotel Company, Limited.

This Company now offers 2,250 8% Cumulative Preference Shares, par value \$100.00, to the investors of British Columbia. With each Preferred Share they will give a bonus of two shares of Common Stock, par value \$10.00 each.

Resort experts estimate that the earnings of the Company will be three times the requirements for interest charges and dividends. The Preferred Shareholders have first claim on the earnings of the Company up to 8% on their investment. The shares are cumulative, and this 8% dividend must be paid annually before the Common Shareholders, who are the promoters, can participate in the profits. The Preferred Shareholders will participate equally in the surplus profits in addition to their 8%, after the Common Shareholders have been paid 8%. The Preferred Shareholders will also participate in the increasing value of the Company's holdings.

From the investor's viewpoint it is an unusually attractive offering. The security is at a ratio of 4 to 1. The assured dividend of 8% is above the average. The anticipated speculative profits are very attractive.

The Financial Editor of the Vancouver "Sun," in reviewing this offer of Preferred Shares, says: "It seems unnecessarily generous to the investor." Responsible brokers, such as Gillespie, Hart & Todd, Ltd., of Victoria and Vancouver, Victor W. Odum & Co., of Vancouver, and others, are recommending it to their clientele. You will find it the most attractive investment that has been offered to British Columbians in recent years. We will be glad to send you full particulars. Mail the coupon today.

We made this Beautiful Pencil to match our pens

JUST as indispensable as Waterman's Ideal Fountain Pen—and just as outstandingly efficient. It has so many advantages over all other pencils.

Made of hard lustrous Brazilian rubber, Waterman's Pencil is not only a thing of rare beauty, but it is so amazingly light that it never tires the hand. In fact, it is the lightest pencil made and, like Waterman's pens, it is, of course, correct in balance.

Model 0725N

Note the new tip, the gold filled band and Waterman's patented safety clip.

Simplicity itself! A slight turn of the barrel and the lead is propelled out ready for writing—a reverse turn, a touch of the finger, and the lead glides back to safety from breakage. No sharpening. No taking apart to fill. The butt end carries a magazine for extra leads, and, even an eraser for your added convenience.

There is a Waterman's Pencil to match the size, shape, design and colour of every Waterman's Pen.

CRICKET

G.W.V.A. Win From City

G. W. V. A., last year's champions, opened the local season with a win over their opponents, the City eleven, in a Kelowna and District League fixture this week, but the losers made a determined stand, only to lose out 67 to 71, when Crichton was caught by Reith, with four runs necessary to tie the score.

Jack White bore the brunt of the bowling for the Vets, and took no less than 7 wickets in the 21 overs bowled, while allowing 31 runs. E. Matthews, for the City, had an even better average, as he was in fine form, and took the same number of wickets for one less run.

Opening with White and Bury against the bowling of Matthews and Crichton, the Vets lost their first two wickets for 34, Blakeborough following White and Bury for 12 each. Sutton added 15 before falling victim to Matthews and apart from Joe Fisher, who also contributed 15, the remaining batsmen were all dismissed for small scores, the innings closing for 71.

White's bowling kept the City runs scattered and four wickets were down for 23, but the tail end of the list kept adding to the score until Crichton and Lucas, playing carefully, came within four runs of making the score a tie, Crichton's chance to Reith ending an exciting contest. The City were unfortunate in having Marshall and Lewis run out, and also that Crichton was not available until late in the afternoon.

G.W.V.A. and Occidental are scheduled to meet on May 30th, and the three entries appear to be evenly matched, which will assure an interesting league schedule.

GOLF

Hole In One On New Course

R. M. Grogan, a member of the local club, on Monday gained the distinction of being the first player to make a hole in one on the new 18-hole course opened on Thursday. While playing with Dr. Shepherd in a bogey competition, he negotiated the ninth hole without the necessity of adding to his drive from the tee. The hole is a particularly difficult one, being built up on the edge of the pond and is almost surrounded by water, the approach being down the slope, with a drop into bunkers adding to the difficulties.

Mr. Grogan, who was a resident of Rossland during the boom days between 1895 and 1900, is now a resident on the K.L.O. Bench. Incidentally he carried off the prize offered by the O. K. Sports & Cycle Co. for the player making the first hole in one on the new course.

Vice-President's Team Wins
Thursday's results in the President vs. Vice-President's team match, on the occasion of the opening of the new course, are too lengthy to give in detail, but the Vice-President's team won the competition by one match. Nearly a hundred took part in the competition and the new course was the subject of much favourable criticism, especially from the visiting players.

The Pentiction Tournament
Details of the Pentiction Interior men's tournament and the matches played over the week-end are unavoidably held over.

TENNIS

American Tournament Is Success

Despite the showery weather, the American tournament which was staged on the Harvey Avenue courts of the Kelowna Lawn Tennis Club on Monday was a decided success. The scores will appear in these columns of next week, illness on the part of the writer making it impossible to collect the information in time for this week's issue.

On Saturday, mixed doubles teams were sent to Okanagan Mission for a series of matches, Kelowna taking 5 out of the 9 matches played. Mrs. Taylor and Mr. Francis, of Mission, took all three matches from their Kelowna opponents. The results were as follows: Mrs. Taylor and Mr. Francis, Mission, won from Mr. and Mrs. Stubbs, 6-2, 6-1; from McLeod and Mrs. Gardner, 8-6, 6-2; from R. Hill and Miss Rowcliffe, 10-8, 8-6.

Mr. and Mrs. Ford, Mission, lost to Mr. and Mrs. Stubbs, 4-6, 5-7; to McLeod and Mrs. Gardner, 3-6, 6-4, 0-6; to R. Hill and Miss Rowcliffe, 2-6, 0-6. Mr. and Mrs. Mallam, Mission, lost to Mr. and Mrs. Stubbs, 6-3, 2-6, 5-7; to McLeod and Mrs. Gardner, 2-6, 3-6; won from Hill and Miss Rowcliffe, 6-1, 6-1.

The strange find of a Spanish copper coin, dated 1450, was made seventeen feet in the ground, when a well was being dug recently at North Kamloops.

AT THE TRAPS

Citizens' Cup Returns To Kelowna

While full details of the Interior Trapshooting Tournament, held here on Monday under the auspices of the Glenora Gun Club, are not available at the time of writing, the feature of the shoot was the return of the Citizens' Cup to Kelowna.

Teams from Summerland, Vernon, Kelowna, Revelstoke and Lumby competed for the trophy held by Vernon since its presentation in 1924. Revelstoke had compiled the respectable score of 114 and were looked upon as sure winners when Kelowna's team began to shoot, but steadily breaking the birds, the local team had tied the score with but one more bird to be shot at. Paul broke this, and enabled Kelowna to obtain a one point lead, compiling 115, an exceptionally good score. Moe, with 25 straight, was shooting in form, while the other members of the squad kept up their scores. Final results were:

Kelowna: Moe, 25; Paul, 23; Thompson, 23; Haldage, 22; Maxson, 22.—Total, 115.
Revelstoke: McDonald, 23; S. T. Lea, 23; D. G. Horth, 25; F. M. Nichols, 23; J. G. Barber, 20.—Total, 114.
Vernon: Dobie, 25; Thompson, 21; Cliff, 22; Green, 18; Brossi, 23. Total, 109.

Lumby: Shaver, 22; Holmes, 20; Genier, 20; Christian, 18; G. J. Quessnel, 23. Total, 103.
Summerland: M. Stewart, 24; A. E. Nelson, 18; W. Nelson, 16; Graham, 21; B. Sparrick, 18. Total, 97.

W. R. Maxson, Kelowna, won the doubles competition with 21, while Horth, Revelstoke, with high run of 51 straight, also won the aggregate cup. Maxson Stokes, Lee and Horth all broke 20 straight in competitions, while the shooting all through was exceptionally good. Arrangements prepared by the local gun club were well carried out, and the visitors expressed themselves as being well satisfied with the day. Just before the Kelowna Citizens' Cup, emblematic of the Interior team shooting championship, was shot for the showery abated and made conditions very favourable.

WHAT TO DO WITH WEAK COLONIES

(Experimental Farm Note)
A colony without enough bees to cover approximately four frames of Langstroth size during the latter part of April or early in May seldom becomes a profitable honey producer, especially where the main honey flow comes early from the clovers. The simplest way of handling weak colonies is, of course, to unite them with other colonies of medium strength, thus helping the latter to become greater producers. This method is generally used in large apiaries where time is too valuable to devote to nursing up weak colonies. For beekeepers who do not care to reduce their number of colonies, the best plan is to purchase from some southern breeder a sufficient number of one or two-pound packages of bees without queens and unite them to the weak colonies. This added force of bees enables the colony to build up

Make Your Own Soap and Save Money

Full Directions with each can

Be Sure You Get The Genuine
GILLETT'S FLAKE LYE

more rapidly for the flow. For those who wish to buy bees, the following plan is very satisfactory.

First note all weak colonies and then select an equal number of very strong ones. Examine the weak colonies to see that they have some brood. If they have none of their own, give each of them a comb containing a small patch from the strong colony over which it is to be placed later. In the evening, remove the covers from the strong colonies and over each place a queen excluder. Now, lift the weak colonies from their floor boards and place one over each strong colony. Success of this plan depends on (1) each weak colony must have some brood to hold the bees, and (2) as little disturbance as possible to the bees of each colony when carrying out the work. Two or three weeks later the hive containing the most brood can be placed on a new stand.

For those who wish to make increase, the weak colonies are ideal, for, although they will not build up as honey producers, they will, with a little care, build up strong enough to be divided two, three and perhaps four times during the season. Each new division should, of course, be given a young laying queen.
